Poster Presentation Rubric

SLS/ASEE-NYSETA Joint Conference, April 3-4, 2020

Rochester Institute of Technology

Instructions

Please complete the rubric below for each poster. Posters will be on display from approximately 12:00 to 1:30pm. Please return your completed rubrics to Elena Brewer by 2:00pm.

Name of poster author(s): _____

Poster number: _____

Author status (check all that apply): ☐ **(U) Undergraduate** ☐ **(G) Graduate** ☐ **(F/P) Faculty/Professional**

Poster Evaluation Criteria (% weight)	Score (0-4)
Overall appearance (25%)	
A professional looking technical poster. Text and graphics are well-balanced. Author names and school/department are present. Appropriate poster size, font, images, and colors.	
Organization (30%)	
The poster is well-organized and easy to read, with appropriate headings, clearly defined objectives, methodologies, data, and conclusions.	
Engineering design/project explanation (30%)	
The poster demonstrates a clear understanding of engineering, scientific, and mathematical concepts embodied in their design/project and, if appropriate, its relationship to social, economic, or environmental concerns.	
Professionalism (10%)	
The authors display professionalism in all areas - initiative, commitment, enthusiasm, and appearance.	
Question & Answer (5%)	
The author(s) handle questions well, demonstrate knowledge of concepts, and ask thoughtful questions of the judges.	

Grade each category on a scale of 0-4	
None observed/poor	0
Fair	1
Good	2
Outstanding	3
Excellent	4
